

Empower a global workforce to work from home

Amazon WorkSpaces is a secure Desktop-as-a-Service solution that can be provisioned and scaled up quickly

Let us Help

In response to the serious threat posed by the outbreak of the novel coronavirus (COVID-19), Privo is offering free advice--up to 2 hours--to help organizations plan, architect, and troubleshoot their deployments of Amazon WorkSpaces and AppStream 2.0. Let our experienced engineers show you how to avoid common pitfalls, accelerate your deployment, and minimize disruption. Benefit from our experience to keep your people safe.

End User Computing

Easy to Deploy

Privo's automated deployment process allows organizations to stand up a seamless work-from-home solution in a matter of days

Globally Scalable

Enable workers to work from any timezone with access to a fast, centrally managed desktop experience that doesn't require a VPN

Pay-As-You-Go Pricing

Pay only for the WorkSpaces that are used in a given month--scale down as quickly as you scale up without any long-term commitment

Privo is an AWS Premier Consulting Partner, with offices near Boston and San Francisco. We help customers plan, build, manage, and optimize the delivery of desktops and applications for their end users, so they can focus on innovation. Contact us at <https://privoit.com>
